Many MSU investigators are currently or potentially conducting scholarly work in Detroit and Southeast Michigan. To leverage our efforts we are inviting all faculty and staff who work in Detroit or Southeast Michigan to meet from 11:30 a.m. – 2:00 p.m. on May 12, 2011 at the Kellogg Center. Box lunches will be provided.

The meeting will be facilitated by Ed Morrison, using a process known as Strategic Doing, to generate a systemic approach to MSU's efforts in Detroit. Strategic Doing guides strategy across college, discipline, and community boundaries to build action-oriented collaborations quickly. We will focus on addressing the following questions: What could we (MSU faculty and staff) do to work together in Southeast Michigan? What should we do to work together? What will we do to work together? How will we measure success?

All MSU faculty and staff who are engaged in work focused on Southeast Michigan are invited. Feel free to share this invitation with any other faculty or staff who might be interested in attending.

Michigan State University is committed to providing equal opportunity for participation in all programs, services, and activities. Accommodations for persons with disabilities may be requested as part of the registration by **May 9, 2011**. Requests received after this date will be honored whenever possible.
